Also, to reduce the Recorder from \$1,800 to \$1,650; the Treasurer from \$2,000 to \$1,800; City Attorney the same; City Engineer from \$2,500 to \$2,000; Police-men, captains, from \$1,200 to \$1,000; sergeants, from \$900 to \$840; patrolmen, from \$500 to \$380; Firemen, captains, from \$1,080 to \$900; engineers, from \$1,200 to \$1,020; firemen and drivers, from \$900 to \$810. Like reductions are to be made all through the routine of city officials and employees.

A Snow-White Hawk.

A correspondent at Caney Branch, Greene county, writes us that A. D. Rader killed a white hawk in that neighborhood recently. He sends us some of the feathers, which are white as snow, and very pretty. The hawk measured four feet four inches from tip to tip of wings and there was not a colored feather to be found on it. It had been in that settlement for about nine years, and had been shot at several times before.

On our Most Distant Frontiers.

As in our latest and most popular cities of the seaboard and interior, Hostetter's Bitters is pre-eminently popular. Wherever civilization plants its foot on this continent, thither the great tonic soon finds its way. Nor is this surprising, for it is the medicine of all others best adapted to the wants of the Western emigrant, be he miner or agriculturist. It is an incomparable remedy for the diseases to which he is so much subject, and which are liable to be brought on by a change of climate, hardship, exposure, unaccustomed air and diet, and miasmatic atmosphere and water. Among these are disorders of the stomach and bowels, rheumatic ailments, and malarious fever, for all of which Hostetter's Bitters is a certain specific. A course of the Bitters before departing for the new field of labor, or on arriving, will have the effect of preventing the evils for which it is such a signal remedy.

A Remedy for Horrid Disemper.

Mr. Willoughby Rogers, of Ellijoy, Blount County, writes us that on last Sunday one of his mules was taken very sick, bleeding at the nose, breathing very hard and belching out his tongue as it would open its mouth to get breath. It also frothed at the mouth very badly. It was strangely affected, and some thought it was choked, but it was not, as was proved on examination. Mr. Rogers bathed its throat with coal oil, made a poultice from the plant known as "Life Everlasting" and applied it to its neck, and also bathed the neck in spirits of turpentine, rubbing it in with a hot iron. The mule got better rapidly after this treatment. Mr. Rogers is of the opinion that it was some kind of distemper, and he recommends the above remedy in such cases.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for consumption, bronchitis, catarrhs, asthma, and all throat and lung affections also a positive and radical cure for nervous debility, and all nervous complaints, after having tested its wonderful curative power in thousands of cases, has felt it his duty to make it known to suffering fellows. Actuated by this motive and a desire to relieve human suffering I will send free of charge to all who desire it this receipt with full directions for preparing and using in German, French and English. Sent by mail by ad. cross with stamp naming this paper. W. W. Shorser, 149 Powers Block, Rochester, New York.
